

Invitation to QIAGEN Interactive Webinar

Join our interactive webinar and learn about new solutions to improve the efficiency of your PCR and qPCR workflows and increase the reproducibility and accuracy of your results. Contact Lindsey.Benedetti@qiagen.com to register!

Date: October 11, 2018

Time: 1:00 p.m.

Location: Online

Dirk Schacht will present:

"Practical Hints and New Solutions for Successful Real-Time PCR Studies"

Learn more about:

- In-process controls
- More efficient assay setup
- Streamlining PCR workflows
- Removing background and bias
- Successful multiplexing

Bring your questions to the open discussion!
